

Speed controller RS-1-300

■ Applications

Applied in ventilation systems for switching ON/OFF and speed controlling of single-phase power-controlled motors. Several fans can be operated synchronously in case their total consumption current does not exceed the maximum permissible current value.

■ Design and control

The controller casing is made of plastic. The controller is featured with high efficiency and control accuracy. Switching to the maximum speed is effected by

means of regulating the control knob. Regulating starts from the minimum to the maximum voltage value for the fan stable running. The minimum speed is set by means of the potentiometer at PCB.

■ Protection

The controller incorporates a thermal fuse for motor overload protection.

■ Mounting

The controller is designed for indoor mounting into standard round electric junction boxes.

Technical data:

	RS-1-300
Voltage, [V/50 Hz]	1~230
Rated current, [A]	1,5
Overall dimensions LxWxH [mm]	95x85x60
Maximum ambient temperature [°C]	40
Protection rating	IP 40
Mass [kg]	0,11

Speed controller RS-1-400

■ Applications

Applied in ventilation systems for speed switching ON/OFF and speed control of the single-phase power-controlled motors. Several fans can be controlled synchronously in case their total current does not exceed the maximum permissible values for the controller current.

■ Design and control

The controller casing is made of plastic. The controller is featured with high efficiency and control accuracy. Switching to the maximum speed is effected by

means of regulating the control knob. Regulating starts from the minimum to the maximum voltage value for the fan stable running. The minimum speed is set by means of the potentiometer at PCB.

■ Protection

The controller incorporate a removable thermal fuse for motor overload protection and transient filter.

■ Mounting

The controller is designed for indoor mounting into standard round electric junction boxes.

Technical data:

	RS-1-400
Voltage, V/ 50/60 Hz	1~230
Rated current, [A]	1,8
Overall dimensions LxWxH [mm]	78x78x63
Maximum ambient temperature [°C]	35
Protection rating	IP 40
Mass [kg]	0,11
